Subject: Draft Final CEP

Hi all,

Finally, I think we have a close to final CEP. Yeh! Please make a final review. I have added a significant amount of action activities for community outreach and engagement, however, note: that Sara does 90% of it all now anyway, and providing another point of contact and the availability to the public at the CTEC office, will provide the help she deserves and showcase what EPA does with and for the Butte community.

Thanks
